SUPPLEMENTARY INFORMATION:**Office of Water**

Title: National Pollutant Discharge Elimination System (NPDES) and Sewage Sludge Management State Programs (EPA ICR No. 0168.06; OMB Control No. 2040-0057). This is a request for extension of a currently approved information collection.

Abstract: under the NPDES Program, States, Federally recognized Indian tribes, and territories may request authority from EPA to manage the NPDES and sewage sludge disposal programs. The current recordkeeping and reporting requirements for State NPDES and sludge program requests, implementation, and oversight are codified in 40 CFR Parts 123, 124, and 501. In the absence of an approved State program, EPA retains the authority to issue permits that establish the effluent limitations and monitoring requirements.

The burden for State program requests includes the activities States, tribes, and territories must complete to request authority for a new NPDES or sludge management program, or to modify an existing program. The burden for State program implementation includes permit enforcement activities, recordkeeping, and State certification of EPA-issued permits. The burden for State program oversight activities includes submittal of permit information and periodic reports to EPA.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 38 hours per response. This estimate includes the time needed to review instructions, search existing data sources, gather and maintain the data needed, and complete and review the collection of information.

Respondents: States, Indian Tribes, and Territories.

Estimated No. of Respondents: 97.
Estimated Total Annual Burden on Respondents: 1,012,595 hours.

Frequency of Collection: Variable, as needed.

Send comments regarding the burden estimate, or any other aspect of the information collection, including suggestions for reducing the burden, to the following address. Please refer to EPA ICR No. 0168.06 and OMB Control No. 2040-0057 in any correspondence.
